'Wouldn't do for all of us to be millionaires. Heaven would get lonesome.

All the reports from Louisville go to show that the veterans have found it a very convivial town.

A specialist declares that woman is better qualified physically for talking than man. It looks that way.

The princesses who occupy the public eye by their marriages may be surrounded with royal pomp, but in point of looks they cannot begin to compare with the pretty American June brides.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes W. Myers, of Ceorlos, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores, price 50c and \$1.00 a bottle. A trial bottle free.

Many mockingbirds have been shipwrecked north this season. Thus for a few vanishing dollars we give our northern brethren a whole summer of southern opera.

Sued by His Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Bearden & King druggists.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and replaced and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in the home and it will save you time and money, and not mention the inconvenience and suffering which such injuries entail. For sale by Bearden & King, druggists.

"Chaley, dear," said young Mrs. Torkins, "I hope you are not going in to politics." "What made you think that?" "I heard you talking in your sleep 'standing pat.'"

High Up in the Tennessee Mountains from one to two thousand feet above the sea level are located many delightful Summer Resorts with the most picturesque surroundings, mineral waters in abundance, springs that never fail, and pure mountain breezes insuring cool days and nights. The accommodations afforded visitors in the way of hotels and boarding houses vary from the elegantly appointed inn to the humble farm house where the charms of country life may be enjoyed to the utmost.

About April 15th the Nashville Chattanooga and St. Louis Ry. will commence distributing a beautifully illustrated folder giving a list of these resorts and a brief description of each, also a list of hotels and boarding houses with routes, etc.

Write for a copy before making your plans for the Summer. Mailed free upon application to

Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of G. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. CAPT. GRAHAM'S GRATITUDE

Suffered from Sores on Face and Back—Doctors Took His Money But Did No Good—Skin Now Looks Clear as a Baby's.

ANOTHER CURE BY CUTICURA REMEDIES

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them all that Cuticura Soap and Ointment did it."

STILL ANOTHER CURE

Neck Covered With Sores, Hair Fell Out, Wild With Itching

Mr. H. J. Spalding of 104 W. 10th St., New York City, says: "For two years my neck was covered with sores, the disease spreading to my hair, which fell out, leaving an unsightly bald spot, and the soreness, inflammation, and merciless itching made me wild. After a few applications of Cuticura the sores subsided, the hair grew thick and healthy as ever."

AND STILL ANOTHER

"For over thirty years I suffered from painful ulcers and an eruption from my knees to my feet, and could find neither doctors nor medicines to help me, until I took Cuticura which cured me in six months." (signed) M. C. Moss, Gainesville, Tex.

The much boasted genius of President Roosevelt in placing the Panama canal under a commission that would "do things" had quite a jar when the occasion came for him to lay down the law to Chairman Shouts. But that was nothing to the reported withdrawal of Chief Engineer Wallace, who signified his appointment by severely condemning the lock canal system. The noiselessness of his departure from Panama is in melancholy contrast with the full band accompaniment that introduced him to his supervisorship of a task that was to win him immortal fame. And now, after a few brief months of worry over contracts, climate, and chiggers, he is on his way to Washington under rumors of rows, with "those high in authority," and a possible resignation. Sic transit gloria mundi especially with the isthmian canal.

Congress is not the only power that levies duties. Walter Damrosch imported five European musicians, and the musicians, and the musical Union taxed him \$200 apiece for them. Of course, we should have none but American musicians—though nearly all we have come here from Germany and Poland—none but American artists, and only American books. If any American attended a foreign university he should be regarded as taxable on his return. He ought to have spent his money at some American college. But it does look a little odd for the Americans who got here two or three years ago to impose heavy taxation upon the Americans who only got here this year.

A rather remarkable state of affairs has developed in two islands, Zanzibar and Pemba, off the African coast, as the result of a government decree abolishing slavery. Despite the fact that any slave can now obtain his freedom for the asking, and that they all know it, very few have as yet applied for liberty. The reason for this is, according to Mr. J. T. Last, a Zanzibar official, that the slaves have discovered freedom to be anything but a bed of roses. They have learned that they lose more than they gain by leaving their owners. "The slave of the present day," writes Mr. Last, has all the legal privileges of a free person, is in much the same position as an ordinary servant at home. He is in some respects in a better position than the European servant, for he can practically do as little work as he pleases, and he is at liberty to leave his owner whenever he thinks fit. I am strongly of the opinion that the number of slaves who will apply to be freed by the Zanzibar government in the future will be very small, and in the case of those that do so it will be the result of some pique, dispute, or jealousy rather than from love of freedom for itself."

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health—Now Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another teller of the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes: Dear Mrs. Pinkham:—

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills. No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

GOOD WHISKEY.

Poor Water. Why pay the price of good whiskey for poor water? You no doubt don't think you are doing such a thing, but we can prove you are. Pure whiskey is strong, whether it suits you or not, but it is not necessary that you drink your whiskey strong, as you have the privilege at all times of adding water to suit your taste. Are we only making such claims as an advertisement? If our mutual benefit is an advertisement we are. We want to supply you with pure whiskey. You should use only such whiskey as is pure, your health and the health of every one you give it to demands it. When you once grasp this idea and send us your orders for Premier Pure. The whiskey for family use, you will realize that there is a difference in whiskey, its result on you and the result on the pocket. Write today for prices and then let us have all your orders. We make prices on all our goods prepaid to your express office and it will not take any more money to buy a gallon of pure whiskey, all whiskey, than it does to buy impure doctored stuff that is half water.
